

A Message from the Office of Court Administration about What Courts Should be Doing about the Coronavirus

From: TMCA

Date: March 6, 2020 at 9:14:09 AM CST

The TMCA Board of Directors is aware of and monitoring events related to the Coronavirus in Texas. We are committed to sharing information with our membership as it becomes available so that court personnel are aware of changing events and have access to suggested practices about how to continue court processes while reducing the risk of spreading the virus.

We received this statement from the Office of Court Administration late yesterday and want to share it with our membership.
